

**Electrical Contracts Manager
West Bromwich
£30,000 - £35,000 + benefits**

One of the UK's leading client-side property companies with an extensive portfolio across retail, industrial, office and mixed used are currently looking for an Electrical Contracts Manager to support and oversee electrical contracts. With an impressive HQ near Birmingham, the organisation is investing heavily and growing at an impressive rate. This is an opportunity for a motivated individual who takes pride in adding value and effecting change.

Working closely with the Electrical Engineer, you will oversee electrical contracts and help manage external suppliers. Assisting the wider property team, you will manage the contractor performance, monitoring KPIs and SLAs.

In return, you will receive an excellent rewards package, full autonomy and the opportunity to progress your career.

The ideal candidate will be electrically trained and will want to move into a white-collar office-based environment
